

Victorian Aboriginal Culture and Identity

WORKSHOP 8

Promoting authentic representations of Victorian culture and identity forms the purpose of work we do at Yarn Strong Sista. We offer Professional Development workshops that unpack what contemporary Victorian culture and identity look like. We will focus on the Traditional Ceremony of the “Tanderrum” which is a ‘Welcome to Country’ Ceremony. Participants will gain a greater understanding of Victorian Aboriginal culture and feel more confident to support Aboriginal inclusive practise in their services. Participants will be inspired by the stories of other Education Professionals that have made a commitment to Reconciliation. Educators will also develop a resource they can share with children and families they work with. This workshop includes group work, song, storytelling and hands on art experience.
